

Income Tax Mastery

Duration: 12 hrs | Level: Beginner

Complete ITR filing, AIS analysis, and practical tax planning for salaried and self-employed individuals.

Curriculum Covered

- Heads of income and the old vs new tax regime
- Salary income, HRA, and standard deduction
- House property income and interest deduction (Section 24)
- Capital gains basics — short-term vs long-term
- Deductions under Chapter VI-A (80C, 80D, 80TTA, etc.)
- Reading and reconciling Form 26AS and the AIS/TIS
- Step-by-step ITR filing on the income tax e-filing portal
- Common notices (143(1), defective return) and how to respond

Key Study Notes

Before filing, always reconcile Form 26AS and the Annual Information Statement (AIS) against your own income records — mismatches are the single biggest cause of income tax notices. Choose the tax regime after actually computing tax payable under both, not by assumption; the new regime usually suits those with few deductions to claim.
